Key succes factors from the bio-entrepreneur point of view.

- *2 open-minded and ambitious founders with complementary skill sets*
- *Right balance of public and private financing sources*
 - *for capitalization,*
 - *for R&D, (EU FP6, BioWin,...)*
 - *for recruitment (First Enterprise,...)*
- *Market and Industry driven company*
 - *Early Industrial « Proof of Concept »*
- *Relevant Business Model: Fee for services, then products*
- *Recruitment policy and staff profile*
